Navvkhush Helping Foundation’

Empowering Children Through Education

2024 Quarterly Impact Report

Message from the Founder

INDEX

- Quarterly Overview
- School-Like Learning Space in Yamuna Khadar
- Special Support from College Vidya
- Strengthening the Learning Environment
- Eye Check-up Camps & Community Health Impact

Message from the Founder

Kavita Rawat

We believe meaningful change begins by addressing the needs of children and communities with care and commitment. Through education, health initiatives and community support, we strive to create opportunities for children to learn, grow and build a healthier, brighter future.

Turning Community Needs into Meaningful Action

During the quarter, NavvKhush Helping Foundation supported underserved communities through education and healthcare initiatives. In Yamuna Khadar, we focused on children’s learning needs and also organised eye check-up camps to promote better eye health and awareness.

“When we invest in children, we invest in the future of our communities.”

CREATING A SCHOOL-LIKE LEARNING SPACE

Yamuna Khadar Community

Education becomes more meaningful when children have a safe and organised place to learn. NavvKhush Helping Foundation worked closely with children in the Yamuna Khadar community, providing free educational support to approximately 120 students.

The initiative initially operated in an open area. To create a more structured learning environment, the Foundation arranged a tent-based classroom, giving children a dedicated space where regular educational activities could take place.

Building a Better Learning Environment

To make the experience closer to a regular school environment, NavvKhush also supported children with essential educational and daily-use items, including:

- **School uniforms**
- **Shoes**
- **Stationery and learning materials**
- **Food and basic support**
- **Educational assistance**

Later, the Foundation received access to a covered room-like learning space, providing a more stable environment for continuing educational activities.

Special Support from College Vidya

A significant contribution came from College Vidya, which supported the Yamuna Khadar learning initiative by donating benches for the children. This support helped transform the learning space into a more organised classroom environment and made daily learning more comfortable for the student

STRENGTHENING THE LEARNING SPACE

Support That Made a Difference

A meaningful contribution to the Yamuna Khadar education initiative came from College Vidya, which supported the project by donating benches for the children.

This contribution helped transform the learning space into a more organised classroom environment and made everyday learning more comfortable for students.

From an Open Space to a Learning Environment

- Open Learning Area
- Tent-Based Classroom
- Educational & Essential Support
- Benches Supported by College Vidya
- Covered Learning Space

Community Essentials

While implementing the education initiative, NavvKhush also focused on children's basic needs by distributing support such as:

Food | School | Uniforms | Shoes | Stationery | Other Essential Supplies

These efforts reflect our belief that children learn better when their basic needs are also considered.

A Partnership for Children's Education

We sincerely appreciate College Vidya for supporting the learning initiative and helping us create a more comfortable classroom environment for children in Yamuna Khadar

EYE CHECK-UP CAMPS

Supporting Children's Health & Education

Health and education go hand in hand.

To support children's overall well-being, NavvKhush Helping Foundation organised eye check-up camps for children from the Yamuna Khadar community at the Foundation's office.

Eye check-ups were also conducted for students studying in government schools, covering approximately **150–200 children**.

Why Eye Health Matters

Vision problems can affect a child's ability to:

- Read classroom materials
- See the board clearly
- Participate confidently in activities
- Learn comfortably
- Perform effectively in school

OUR QUARTERLY IMPACT

Education + Health + Essential Support

NavvKhush Helping Foundation supported 120+ children through free education and reached 150–200 students through eye check-up activities. The initiative also provided essential education support including learning spaces, stationery, uniforms and shoes, along with food and basic supplies for the community. Infrastructure support such as benches further helped create a more structured and improved learning environment for children

THANK YOU FOR BEING PART OF THE JOURNEY

To our donors, volunteers, partners and supporters — thank you for standing with NavvKhush Helping Foundation.

To our donors, volunteers, partners and supporters — thank you for standing with NavvKhush Helping Foundation.
