Building Hope, Creating Change

NavvKhush Helping Foundation has been working to create opportunities and support for children and underserved communities through education, community development, and humanitarian initiatives.

Message from our Founder

Kavita Rawat

Since 2023, our journey has been guided by one simple belief: every child deserves the opportunity to learn, grow and dream. Through our education initiative, we have supported children with educational assistance and essential school supplies, while also extending support to deserving families through community initiatives and celebrations.

For us, true change is not only about giving—it is about creating opportunities, restoring hope and building a stronger community. Every child we support reminds us why this journey matters.

We remain committed to working with compassion and consistency towards a future where no child is held back because of financial limitations.

Together, we can create a better tomorrow.

Compassion • Support • Community

Free Education & School Support | 2023

Empowering Children Through Education

Since 2023, NavvKhush Helping Foundation has been working to make education more accessible for children from underserved communities. Our free education initiative supported around 100–120 students with essential educational requirements

The initiative also included community celebrations and engagement activities such as Raksha Bandhan and Janmashtami celebrations, along with community surveys to understand the needs of children and families. The Foundation also facilitated support through sponsored T-shirts and ration distribution for deserving families.

Impact:

The initiative aimed to reduce financial barriers and create a supportive environment where children could focus on learning, growing, and building confidence.

Support included:

Supporting 150 Children with Essential Educational Resources

Through our educational support initiative, we provided 150 children with essential resources to help them attend school comfortably and continue their learning with confidence. The support included school bags, uniforms, learning materials, stationery kits and nutritious school lunches.

This initiative aims to reduce financial barriers for families and create a supportive environment where every child has the opportunity to learn, grow and build a brighter future with dignity.

Impact:

🎒 150 School Bags | 👕 150 Uniforms | 📚 Learning Support | 🍽️ School Lunch | ✎️ 150 Stationery Kits

“When we provide a child with the essentials to learn, we don’t just support their education—we help build the foundation for a brighter future.”

“When a child gets the opportunity to learn, they get the opportunity to dream.”

Together for Education, Relief & a Better Tomorrow

Summer Camp | Kalyanpuri

Learning, Creativity & Fun Together

Our community engagement journey also included a Summer Camp in Kalyanpuri, designed to give children a positive space for learning, creativity, and participation.

The camp combined educational and recreational activities, encouraging children to explore their interests while learning through fun and interaction.

Summer Camp was designed as a joyful and engaging learning experience where children could learn, explore, create and grow beyond the traditional classroom environment. The camp brought together a variety of educational, creative and recreational activities that encouraged children to participate actively and express themselves freely. Through fun-based learning, children explored their imagination, developed new interests and gained confidence in their abilities.

What the Summer Camp Focused On

Educational Activities

Children participated in learning activities designed to make education interesting and engaging.

Creativity & Expression

Creative activities gave children an opportunity to explore their imagination and express themselves.

Learning Through Fun

Games and recreational activities made learning enjoyable while encouraging active participation.

Teamwork & Interaction

Group activities helped children interact, cooperate, and learn from one another.

Impact

The Summer Camp encouraged children to learn beyond textbooks while developing creativity, confidence, and social interaction.

Our Aim

To create a safe and positive space where children could learn, play, discover their interests, and develop confidence beyond the classroom.

NavvKhush Helping Foundation

Together for Education, Relief & a Better Tomorrow

Creating a Brighter Tomorrow

Our Journey Continues

From supporting children with free education and school essentials to creating spaces for learning, creativity, and community participation, every initiative is a step towards a more inclusive future.

We believe that meaningful change begins when communities come together to create education, opportunity, dignity, and hope

Our Vision

To create a future where every child has the opportunity to learn, grow, dream, and build a better life.

Be Part of the Change

Support Our Mission

Our journey is built on the belief that every child deserves the opportunity to learn, grow, and dream. Through education, community support, and meaningful initiatives, NavvKhush Helping Foundation continues to create opportunities where they are needed most. Together, we can turn small acts of support into lasting hope and a brighter tomorrow.
