Making Education More Accessible

NavvKhush Helping Foundation supported children with essential stationery to help them continue their studies with confidence, both in government schools and underserved communities.

The initiative aimed to make basic learning materials more accessible to children who may face challenges in meeting their educational needs. By providing these essential supplies, the Foundation encouraged children to stay engaged with their studies and participate more confidently in the classroom.

Message from our Founder

Kavita Rawat

At NavvKhush Helping Foundation, we believe that small actions can create meaningful change. Through stationery distribution, we support children in continuing their education, while our plantation drives encourage students to care for nature and their surroundings.

Together, we are working towards a future where every child can learn, grow and contribute to a better community.

Compassion • Support • Community

EDUCATION SUPPORT

Stationery Distribution in Government Schools

Making Learning More Accessible

Every child deserves access to the basic materials needed to learn with confidence. In 2024, NavvKhush conducted stationery distribution drives across 10+ government schools, supporting approximately 200–300 students.

The initiative provided children with essential educational supplies and encouraged them to remain connected with their studies.

Beyond the Classroom

Stationery was also distributed at the NavvKhush Foundation office to underprivileged children from the Yamuna Khadar community, extending educational support beyond government schools.

Our Focus

- 📚 Essential Learning Materials
- 🎒 Support for School-going Children
- 💡 Encouraging Continuity in Education
- 🤝 Reaching Underserved Communities

Impact

10+ Schools | 200–300 Students | Community-Level Support

NavvKhush Helping Foundation

“The right learning tools can help a child take the next step towards a brighter future.”

GREEN SCHOOLS, RESPONSIBLE FUTURES

Plantation Drives in Government Schools

Growing Green Spaces & Young Minds

Education is not limited to textbooks. It also means helping children understand their responsibility towards the world around them. As part of its environmental awareness efforts, NavvKhush conducted plantation drives in government schools, encouraging students to learn about the importance of protecting nature.

What We Promoted

- 🌱 Plantation within school premises
- 🌿 Awareness about useful and herbal plants
- 🌍 Understanding environmental responsibility
- 🦋 Introduction to biodiversity
- 🏠 Creating greener learning spaces

Our Approach

Students were encouraged to see plants not simply as part of their surroundings, but as an important part of a healthy and sustainable environment.

Greener Schools → Greater Awareness → Responsible Future

“Planting a tree today is an investment in the environment of tomorrow.”

NavvKhush Helping Foundation

Together for Education, Relief & a Better Tomorrow

SAFER SCHOOLS, STRONGER COMMUNITIES

First Aid Kit Distribution — 50 Government Schools

A safe learning environment is an essential part of a child's education.

In 2024, NavvKhush distributed **First Aid Kits across 50 government schools**, helping schools maintain access to basic first-aid facilities for minor injuries and everyday emergencies.

The initiative also promoted awareness among students and school staff about the importance of basic safety preparedness.

OUR 2024 IMPACT

50 Government Schools

First Aid Kits distributed

200–300 Students

Supported through stationery initiatives

10+ Government Schools

Reached through education support drives

Greener Learning Spaces

Created through plantation activities

**THANK YOU FOR BEING PART OF THE
JOURNEY**

The impact created through these initiatives was possible because of the collective support of our donors, volunteers, schools, educators and community members.
